### APPELLANT'S NOTICE DESIGNATING RECORD ON APPEAL

1. You may receive a copy of the designation from the appellant or appellant's attorney. This document does not start the appeal transcript due date timeline. Receipt of this document is notice that the appeal process has started.
2. You may be asked for an estimate for the cost to prepare the transcript on appeal.  
NOTE: You can only bill for an Original one time. Repaginating a transcript does not constitute a new ORIGINAL, per Court of Appeal decision in *Hendrix vs. Superior Court of San Bernardino*, Feb. 10, 2011. Once you transcribe your notes into English, that is considered the original transcript, and that can only happen once.
3. Payment for the Record on Appeal. Payment for the transcript is outlined in CRC 8.130(b). The appellant pays for the cost of an original transcript for the Court of Appeal and their own copy.
4. Payment Options. Parties may deposit funds using the estimate provided by the court reporter or the agency or deposit the minimum per CRC 8.130 (b)(B) at \$325 for the fraction of a day's proceedings under 3 hours or \$650 for the fraction of a day's proceedings over 3 hours.

For dates requested that have been previously transcribed, the deposit is \$80 per fraction of a day's proceedings under 3 hours or \$160 for the fraction of a day's proceedings over 3 hours.

**In lieu of a deposit**, the parties may submit a reporter's written waiver of deposit. A reporter may waive the deposit for a part of the designated proceedings, but such waiver replaces the deposit for only that part.

A waiver must be sent to the appeals clerk by the reporter or agency. The waiver states that the cost of the transcript has been paid directly to the reporter or agency and waives the court's responsibility to collect the funds.

**In lieu of a deposit**, the parties may submit a copy of a filed Transcript Reimbursement Fund application.

**In lieu of a deposit**, the parties may submit a certified transcript of all the proceedings designated by the party per CRC 8.130 (a)(5) and CRC 8.130 (b)(3)(C). The transcript must comply with the format requirements of CRC 8.144, which requires the transcript dates to be chronologically and consecutively paginated.
